Classes

Dancers of both companies are required to take at least 4 classes a week. Classes are assigned based on the track they choose. Their track determines the 1st class they originally register for at the front desk. Because we believe that our dancers should be well-rounded, each track requires the students to take 3 core classes and 1 elective class. Each class is an additional \$10 added on to their original tuition rate (i.e., if you are paying \$40/month for tap, and you are deciding to join the company bay way of the tap track, you will pay \$10 for each required core class in addition to the class you are already registered for, and \$10 for your elective class. Therefore your monthly tuition will be \$70/month). **Advance Session**
